

Session Program

10-12 Sept 2025

7th International Conference of the European College of Veterinary Microbiology (ECVM)

AMR & Evolution - ES

Kaiserin-Friedrich-Stiftung, Berlin
Robert-Koch-Platz 7, 10115 Berlin

Thursday 11 September

14:45

AMR & Evolution - ES

Session | **Location:** Lecture Hall | **Conveners:** Raffaele Scarpellini, Flavia Zendri

14:45-15:00

Chromosomal ampR Regulates Plasmid-Mediated Antibiotic Resistance and Gene Duplication Amplification in *Enterobacter cloacae*

Speaker

Yuwen Fang

15:00-15:15

Within-host evolution of *Staphylococcus pseudintermedius* in dogs with skin disease

Speaker

Kate Worthing

15:15-15:30

Investigating the Role of the DUF445-Containing Putative Membrane Protein in Albicidin Resistance in *Acinetobacter baumannii* IMT51508

Speaker

Sana Khan

15:30
