

Session Program

10-12 Sept 2025

7th International Conference of the European College of Veterinary Microbiology (ECVM)

AMR - genetic basis

Kaiserin-Friedrich-Stiftung, Berlin
Robert-Koch-Platz 7, 10115 Berlin

Thursday 11 September

16:00

AMR - genetic basis

Session | **Location:** Lecture Hall | **Conveners:** Marleen Van der Most, Stefan Schwarz

16:00–16:15

A novel macrolide-lincosamide resistance gene in *Actinomyces bowdenii* isolated from an abscess in a dog

Speaker

Sonja Kittl

16:15–16:30

Genetic basis of antimicrobial resistance in Pasteurellaceae of diseased cattle and pigs from Germany

Speaker

Henrike Krüger-Haker

16:30–16:45

Antimicrobial resistance profile and mobilome of *Klebsiella pneumoniae isolates from the reproductive tract of mares and stallions**

Speaker

Dr Amin Kavarizadeh

17:00
